eer in Army, Serving in Command Father Had at His Birth.

Father Had at His Birth.

Lieut Benjamin C. Lockwood, ir. 22d infantry, is following closely in the footsteps of his illustrious father. Gen. Lockwood. The young man, who is the only child of Gen. and Mrs. Lockwood. Is a recent graduate of West Point, and is serving in his father's old regiment and company, in fact is now an officer of a company of which his father was captain when he was born.

Gen. and Mrs. Lockwood are now living here in El Paso, to be near their son. Gen. Lockwood is retired and he and Mrs. Lockwood call home "where the boy is," as the general expresses it, and travel from place to place as he is moved with his regiment. Lieut. Lockwood's father was for 31 years in the 22d infantry, the regiment in which the young man now holds his commission.

W. Frazer, of Weaverville, Cal. was bound over to the superior court by police ludge Shortall on a felony charge of baving falsified the birth records in the Slingsby "baby substitution" case. Dr. Frazer is accused of having delivered the child of Lillian Anderson to Mrs. Dorothy Slingsby, wife of an English naval lieutenant

TO 200,000 PEOPLE

Affiliated Telephone and Telegraph Companies Engage Health Expert to Watch Over Employes. New York, Jan. 28.—Dr. Alvah H. Doty, formerly health officer of the port of New York, has been appointed medical director of the Employes' Benefit Fund committee of the American Telephone and Telegraph company, the Western Union Telegraph company and the Western Electric company, in connection with the administration of the new pension and sick benefit plan for employes of these allied corporations.

the new pension and sick benerit parafor employes of these allied corporations.

There will be established gradually
by these companies a system of medical supervision and preventive sanitation designed to preserve the health of
the telephone and telegraph army. This
undertaking on so large a scale—
the companies have nearly 200,600
workers—inaugurates a new era in the
relations of employer and companies.

In announcing Dr. Doty's appointment, president vail said: "It is intended that the medical department
shall have wide range in it's activities.
In addition to the usual functions of
such a department, it will devise and
carry out various methods of health
protection known as 'preventive measures'. So far as practicable, we shall
seek the early detection of diseases,
particularly those that are communicable, notably tuberculosis, and arrange
for their removal, care and treatment.
This not only offers a far better
chance for the patient's recovery, but
also protects other employes.

"Preventative measures also will include sanitary conditions in offices
and workshops, such as proper lightling, good air, pure water, safe plumbing and the discontinuance of articles
in general use which are believed to be
agents of infection, by various plain
and practical methods, employes will
be instructed in hygiene and sanitation and we hope that the information
thus gained will extend to the home
and to the public generally.

"Modern sanitarians know that the
public health is best maintained by
prevention rather than by treatment
of disease after it develops. The measures we plan are of inestimable value,
not merely in the interest of our companies, but also in public education on
sanitation subjects, for our employes
are everywhere in the United States,
even in the smallest towns.

"Supervision by the medical department over sick and injured does not
necessarily mean that the companies
are to furnish medical attendance to
those who are disabled, but as far as
possible they will ald in securing ons.
There will be established gradually

vice.

"The various measures outlined will be carried out in a reasonable way and without undue haste, for haste often without undue haste, for haste often involves unnecessary expense and with but little benefit to employes.

"This undertaking, in accord with modern sanitation, will also benefit the companies, as it is intended to do. It provides mutual protection and coperation between employe and employer. It insures far better and less interrupted service and constitutes an economical factor in the interest of both parties."

#### WOULD DAM OCEAN; CONTROL CURRENTS

Man Thinks He Could Thus Let the Stream Tickle Labradorean Coast and Turn it Into a California.

Washington, D. C., Jan. 28.—If the present congress or the next one pays attention to a petition now being circulated at the capitol by Carroll Livingston Riker it will have on its hands an investigation beside which the hasing of the "money trust" will pale into insignificance.

Mr. Riker proposes that congress shall pass a law to create a commission

Coats Worth From \$19.50 Up to \$25

to study the feasibility of a plan to prevent the cold waters of the Arctic ocean from making their constant onslaught upon the warm and life giving waters of the mighty gulf stream. To show how easy such a project would be, Mr. Riker says that the only thing necessary would be to construct an Island 200 miles long and tapering from 40 miles in width at the base to three miles in width at the point. This jetty, according to Mr. Riker, should stick straight out to the eastward from the coast of New Foundland, across the grand banks, which would provide the foundation. Mr. Riker claims that the gulf stream, if allowed to continue northward with-out the interference of the Arctic wa-

Congress is asked to pass a bill au-thorizing an investigation of the claim that the cold Labrador current is gradually descending lower and lower upon the world, and may perhaps some day overcome the strength of the warm

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the pcriod of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend. This is a medicine for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. Answer Your trouble is all due to

The Doctor's Advice By DR. LEWIS BAKER

The questions answered below are general in character; the symptoms or diseases are given and the answers will diseases are given and the answers will apply to any case of similar nature. Those wishing further advice free, may address Dr. Lewis Baker, College Bidg., College-Ellwood Sts., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious name will be used in my answers. The prescriptions can be filled at any well-stocked drug store Any druggist can order of wholesaler,

with my nerves, am almost on the point of nervous prostration. I cannot sleep and am hysterical at times. Can you help me?" iswer. Many women, old and young, Answer. Many women, old and young, who have suffered as you do, have been cured by using the following tonic restorative treatment: Get from your druggist 1 oz tincture cadomene (not cardamen) and 5 ozs. syrup of hypophosphites comp., mix, and take a teaspoonful before each meal. Always shake well before taking.

Miss T. R. asks: "Do you think a weight of 190 pounds is too much for a girl of medium height; and what can I safely take to reduce about 30 pounds?"

"Kit" writes: "I am far below normal weight. I suffer with headaches and am nervous to the point of exhaustion. If you can tell me something to help me I shall be very grateful."

Answer: I can prescribe nothing so effective as a thorough course of three grain hypo-nuclane tablets. These tablets will aid in extracting the nutrition from the food which will increase the red blood supply, overcome nervousness and you will become plump and healthy. This treatment should be continued for several months, as it takes time to Answer: Your weight is excessive, and if it increases it may cause much suffering and embarrassment. I advise the regular use of 5-grain arbolene tablets, which are sold by most pharmacies in sealed tubes with full directions for self-administration.

"Carpenter" writes: "My liver and kidneys are in a bad condition. I have dizzy spells and dark spots before my eyes. Also have twinges of rheumatism. Can I be helped?"

several months, as it takes time to change the tissues and cells of the body. Answer: To cure kidney and liver trouble use three grain sulpherb tab-lets (not sulphur). These are packed in scaled tubes with full directions for "Sarah" says: "Can anything be done for one who is bothered with rheumi-tism. If so, please reply." taking. They act pleasantly and tone up the bowels and liver and purify the blood. They are convenient, effective and highly curative.

"Phoebe"—The following will cure rour children of bedwetting: Get 2 rams of tincture rhus-aromatic; 1 dram tincture cubebs and 1 oz. comp. fluid balmwort. Mix, and give the child from 10 to 15 drops in water about one hour before each meal.

Answer: You can be entirely cured of your rheumatism if you take the following: Mix by shaking well and take a teaspoonful at meal times and al bed time and you will soon be cured. Comp. essence Cardiol 1 oz.; comp. flued balmwort. 1 oz.; syrup sarsaparilla comp. 5 ozs.; wine of colchicum. one-haif oz.; sodium salicylate, 4 drams; iodide of potassium, 2 drams. "Maud" writes; "I have suffered a great deal with catarrh. It gives me headaches, affects my eyes and my breath is awful. Can you preactibe something to cure it. Only my nostrils and throat are affected." "Ray" writes: "Can a sufferer from bronchial trouble be relieved? Doctors do not seem to help me, what would you suggest?"

Answer: To cure chronic cold, sore threat and bronchitis. I would advise the use of concentrated essence mentholiaxene. Furchase this at any drug store in 21-2 oz packages and mix according to directions given on bottle and you will very shortly be cured of all bronchial trouble. This will not only relieve, but will cure, and is very pleasant to take. Answer: I have prescribed antiseptic vilane powder and grateful letters from hundreds indicate that it is speedily curative, but must be used occasionally to prevent a recurrence. Get a two ounce original package of vilane pow-der: use a half reaspoonful to a plnt of warm water. From the palm of the hand snuff the water through the nos-trils until thoroughly cleaned, two or three times daily. Mix a level teaspoon-ful of vitane powder with an ounce of lard or vaseline and apply well up into the nostrils twice daily and your ca-

tarrh should soon be cured. "Onda" writes: "I am troubled with Itching scalp, dandruff and my hair is falling out. It is harsh and brittle."

Answer Your trouble is all due to your stomach, which causes the nervous restless feeling. Take tablets triopeptine and you will soon be cured of all this trouble. These are packed in sealed cartons and are pink, white and bine tablets to be taken after meals. Take the pink tablet after breakfast, white after dinner and bine after supper. If this is continued the curative agencies will soon restore natural dious restricts reciling. Take tablets triopeptine and you will soon be cured of all this trouble. These are packed in sealed cartons and are pink, white and blue tablets to be taken after meals. Take the pink tablet after breakfast, white after dinner and blue after supper. If this is continued the curative agencies will soon restore natural digestion.

"Miss M." writes: "I suffer greatly the intense natural color.
